Merchants Insurance Group “Go Paperless” Programs

Merchants Insurance Group strives to provide our agents with tools to increase day to day efficiencies and assist in helping you provide the best possible service to your customers. Eliminating reliance on paper documents and streamlining workflows by using digital methods to obtain and distribute information is essential to achieve these goals. Merchants has a number of ways you can take advantage of the benefits of paper-free processes.

Why “go paperless”?

Paper-free information exchange is no longer a trend. It has become a necessity in business. It is not only a way to help the environment, paperless communication is faster, more efficient and cost saving for everyone in the distribution chain.

How can being paperless benefit my agency and my customers?

Cost: Electronic distribution saves printing and mailing costs to policyholders. Time spent scanning or filing paper documents by agency staff is eliminated with digital transmission. Even simple costs like purchasing folders is no longer needed.

Efficiency: Electronic communication streamlines processes. The most current and accurate information is available instantaneously. Storage of digital information utilizes minimal physical space unlike filing stacks of hard copy policies and applications.

Expectation: The demand for electronic communication and invoicing is increasing among policyholders. Customers control when and where they access their policy information and make their payments. This feeling of control over their business increases satisfaction.

Responsibility: Strategies that focus on electronic document distribution and digital processes inevitably result in eco-friendly, positive environmental impacts.

Security: Access to electronic documents is protected via secure log in credentials. Only those who need to view the information are given access. Printed paper documents are more vulnerable to access by unauthorized individuals particularly due to careless storage or disposal.

Value: Increased efficiency means time is freed up for agency staff to handle more complex service issues for your customers.

Merchants Agents Website

Merchants Agents website provides numerous reference documents, tools and materials that support your paperless environment.

Explore our site to see the great information that's available to make it easy to do business with Merchants.

This site serves as your gateway to Commercial and Personal Lines quoting and claims and billing inquiry. It also houses many digital resources referenced in this "Go Paperless" guide as well as a variety of other valuable content focused on helping your agency be more efficient.

Agency Paperless Delivery Options - Commercial Lines

Eliminate receiving copies of policyholder Commercial Lines policy documents by turning off printing of paper documents.

Benefits:

- ✓ ***Eliminates scanning*** documents into your agency management system
- ✓ Policyholder documents can be ***electronically transmitted*** to your clients (*if policyholders have agreed to receive documents electronically*)
- ✓ Policyholder ***documents are quickly available*** on our website or if eDocs are elected by the agency, right within in your agency management system. (More information on [eDocs](#) can be found in this document).

If printing is suppressed, all Commercial Lines policy documents will be available:

- Electronically on Merchants agent's website and/or
- By using [eDocs](#)

eDocs sends PDF's of the policyholder copies of Commercial Lines policy documents to your agency management system

([eDocs](#) are explained in more detail in this guide)

As an added "ease of doing business" feature, if [eDocs](#) are used, we will automatically turn off printing for your agency.

Documents that Merchants will provide electronically

Cancel Notice*	Non-Renewal Notice*
Conditional Renewal*	Physical Damage Photo Inspection Requirement Notice*
Endorsement	Physical Damage Coverage Suspension Notice*
Final Cancel	Reinstatement
Final Audit*	Renewal
Issue (New Business)	

* Please note – Items with an asterisk (*) are sent directly to the policyholder as well as being available to download from Merchants agent's website.

Paper vehicle ID cards are mailed directly to the policyholder when agents elect to "Turn off Print" or if your policyholder is enrolled in [Merchants' Electronic ePolicy Document Delivery](#). The [Electronic Automobile ID Card](#) section of this guide also provides additional information on how ID Cards can be accessed.

Paperless Delivery Easy as 1-2-3

To suppress printing of
policyholder commercial lines
documents by agency code*:

Click the "Paperless Delivery"
link from either the
"Go Paperless" or
"Enrollment/Sign-up Quick
Links" page and chose
"Agency Options for
Commercial Lines Insured
Policy Delivery"

Selecting "Yes" for the
"Paperless" checkbox option
will stop the printing and
mailing of all commercial lines
insured policy documents to
the agency.

A confirmation email is then
sent to the individual who
submitted the request.

Master Agents will see a list of the sub codes associated with their master code and they can elect to turn off the printing for one, several or all sub codes. Additionally, sub agents are able to elect paperless delivery for just their specific agency codes.

3

Agency Options for Commercial Lines Insured Policy Delivery

Select paperless below to stop receiving paper copies of all commercial lines insured policy documents. By selecting this option Merchants will no longer mail paper copies of these documents to your agency effective immediately. If you have selected paperless, please refer to the Policy Transaction/Communication Log to manage your incoming policy documents.

Please contact your TM/RMS to resume paper delivery.

Paperless	Agent Code	Agent Name
<input checked="" type="checkbox"/> Yes	00111	TEST AGENT

**Available only to Agency Principals or Merchants website users with Administrative access*

Policy Download

Download extracts data from a carrier's database and transmits that data electronically to an agency in order to allow it to merge into their agency management system. In other words, it is an electronic transfer of information between systems.

For more information on policy download, visit the "Download Information" section of our website. There you will find our [Merchants Download Guide](#) along with helpful reference lists and Download FAQ's.

Merchants Insurance Group has partnered with IVANS Insurance Solutions for this service. IVANS streamlines the process using ACORD standards to drive agency efficiency and reduce Errors and Omissions (E & O) exposure. This saves time by eliminating re-keying of data as well as allowing for easier policy administration. The end result: more time to concentrate on service and revenue generating activities.

To sign up for Policy Download*:

Click on the "Download and eDocs Sign-Up/Change Form" available on the "Download Information", "Go Paperless" and "Enrollment/Sign-up Quick Links" pages.

*Available only to Agency Principals or Merchants website users with Administrative access

eBulletins

Effective, timely communication is key to business success. To assure you receive important information as soon as it's available, Merchants electronically delivers agency bulletins to our agency partners. This ensures immediate communication to the individuals who need the information. Routing copies through your office is no longer necessary.

To be sure the staff in your office receives the information that's important to them, indicate your subscription preferences using our email notification system. Refer to the "[Subscribe to Notifications](#)" section found in this guide to learn ways to sign up for this essential information.

In addition to receiving copies of our bulletins electronically, they can be viewed at any time under the Resources section located on the main menu of our agent's website.

The screenshot shows a grid of buttons on a website. The top row has 'Enter Commercial Gateway' (blue) and 'Enter Personal Gateway' (teal). The second row has 'Enter Claims Inquiry' (red) and 'Billing Inquiry / Payments' (green). Below these are two light blue boxes: 'Your link to information now' containing 'Merchants On-Demand*' and 'Your link to exclusive content' containing 'Agency Principal Access Menu'. At the bottom are two red boxes: 'Resources' and 'Administrative'. Under 'Resources', 'Agency Bulletins' is circled in red. Under 'Administrative', there are links for 'Agency User Administration', 'Change Password', and 'Enrollment/Sign-up Quick Links'.

Narrow your search by Line of Business and/or State

The screenshot shows a search page titled 'Welcome to Merchants' Online Bulletins'. It instructs users to 'select a Line of Business (LOB)' from a dropdown menu and 'select a State (OPTIONAL)' from another dropdown menu. A 'Search for Bulletins' button is at the bottom. A red text box at the bottom says: 'You can receive email alerts when new bulletins are posted to our secured website. If you have not already subscribed to the email alerts, [click here](#) to subscribe today.'

A vertical list of products and programs for selection. It includes: --PRODUCTS-- Commercial Auto, Commercial Package, Dwelling Fire, HomeOwners, MERCHANTS ADVANTAGE PLUS (with sub-items: Auto Collision Program, Auto Repair/Collision Program, Contractors, BusinessOwners, Office Program), MERCHANTS COVERALL PLUS (with sub-item: Handyman Program), MERCHANTS PACKAGE PLUS (with sub-items: Golf Program, Restaurant Program), Personal Umbrella, Private Passenger Automobile, Workers Compensation, --GENERAL-- General Information, General Commercial Lines, General Personal Lines.

Policyholder Electronic Document Delivery (Agent Initiated)

Merchants Insurance Group's ePolicy and eBill electronic document delivery services offer convenient, personalized options to your policyholders to manage their account online. These services enable them to save time and money, keep all of their electronic records safe and secure in one place, and help the environment by reducing paper use.

Your agency does not need to have an additional agency electronic delivery agreement signed by your policyholder to receive documents using Merchants ePolicy delivery service.

Encouraging your policyholders to use Merchants Electronic Document delivery also benefits your agency. It relieves you of the need to mail paper or forward electronic documents to your policyholders, freeing your agency staff to assist your customers with more complex transactions and grow your business.

Enrollment Process – New Business (Web Submission)

Invite your policyholders to enroll in ePolicy and eBill when you submit their new business application.

To begin the process to enroll your policyholder for Electronic Document Delivery:

After you submit a new business application, the Electronic Delivery screen, as shown, will appear.

The "Enroll in ePolicy" and "Enroll in eBill" select boxes will be pre-filled.

Enter the policyholders email address on this screen.

The policyholders email address will prefill if it was entered when the policyholder account was initially set up.

1

Electronic Delivery

Account Description:
Business Class: Office: Contractors
State: NEW YORK
Account Number: A800000743

Insured Name: AIR CONDITIONING MAC INC
Address: 101 HOLLAND BLVD
CHERRY HILL, NJ 08037

Your application has been successfully submitted for issuance. You can print the new business application and billing confirmation from the account management screen.

 **GO GREEN!** Initiate your policyholder's enrollment in Merchants' ePolicy and eBill service by entering their valid email address. When initiated, two emails will be sent to your policyholder with steps to complete the enrollment process, however, they are not obligated to complete the enrollment. The first email will be for website access and requires completion of a user profile. The second email will be to complete the electronic delivery enrollment process.

Policy Number	Account Number	Policy Type	Enroll in ePolicy	Enroll in eBill
BOP140244	A800000743	Business Owners	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Please enter the policyholder's email address*:

Please confirm the policyholder's email address*:

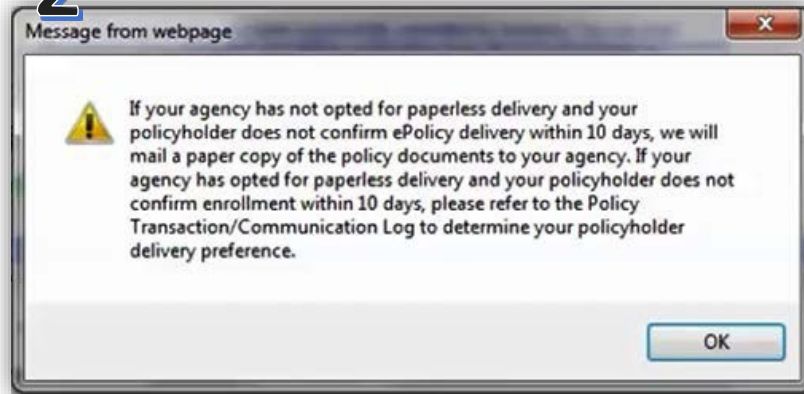

* Your policyholder's email and other contact information is secure with Merchants Insurance Group. We will never sell or rent this information to any third-party vendor.

[Return to Account Management](#) [Continue](#)

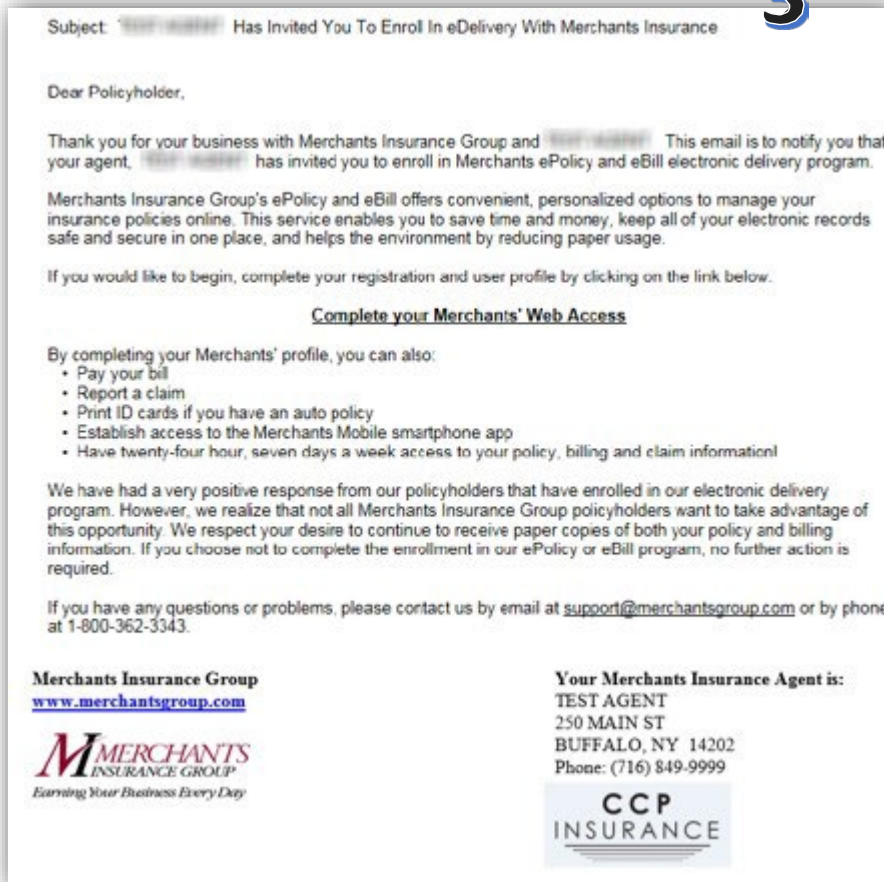

2

Once you have completed the Electronic Delivery Screen, you will see a message explaining what will happen depending on what actions the policyholder takes in response to your enrollment initiation.

After clicking "OK" you will receive a pop up confirming the enrollment process has been initiated.

3

The policyholder will receive an email advising them the process has been started and encouraging them to complete the registration process using the link provided in the email.

If they do not respond in a timely manner, a follow up email will be sent encouraging them to complete their enrollment.

If they do not complete the enrollment process within 10 days, and your agency has not yet begun paperless delivery, Merchants will mail a paper copy of the policy documents to your agency. If your agency has already opted for paperless delivery, please refer to the Policy Transaction/Communication Log for a copy of the policy documents.

Be sure to refer to the [Policy Transaction/Communication Log](#) to determine your policyholder's delivery preference if you have elected to turn off printing.

Did you know you can use your agency logo to co-brand the emails your policyholder will receive when they sign up for ePolicy and eBill?

See "[Quick Tips for Agent Logo Upload](#)" on the "Go Paperless" section of our agent's website for more information.

Enrollment Process – Existing Policies & New Business (Non-Web Submission)

You can invite your policyholders to enroll in ePolicy and eBill when their new “non-web” policy is submitted. In addition, you can invite your existing Merchants customers to transition to ePolicy and eBill electronic delivery at any time. The steps are the same.

1

To begin the process to enroll your policyholder for Electronic Document Delivery with Existing Policies:

Locate the Electronic Document Delivery menu on the “Go Paperless” page of Merchants agent’s website

Merchants Agent’s Website Main Menu

Please enter the policyholder's email address: xxxxx@merchantsgroup.com

** This email address is already associated to account number A000000351 and will be used for electronic delivery enrollment.

Policyholders can also sign up for Electronic Document Delivery without an invitation from your agency. See the [Electronic Document Delivery ePolicy & eBill \(Policyholder Initiated\)](#) section in this guide

[Subscribe to electronic notifications](#)
to be sure to know when your policyholders enroll for Electronic Document Delivery.

Electronic Fund Transfer for Commissions

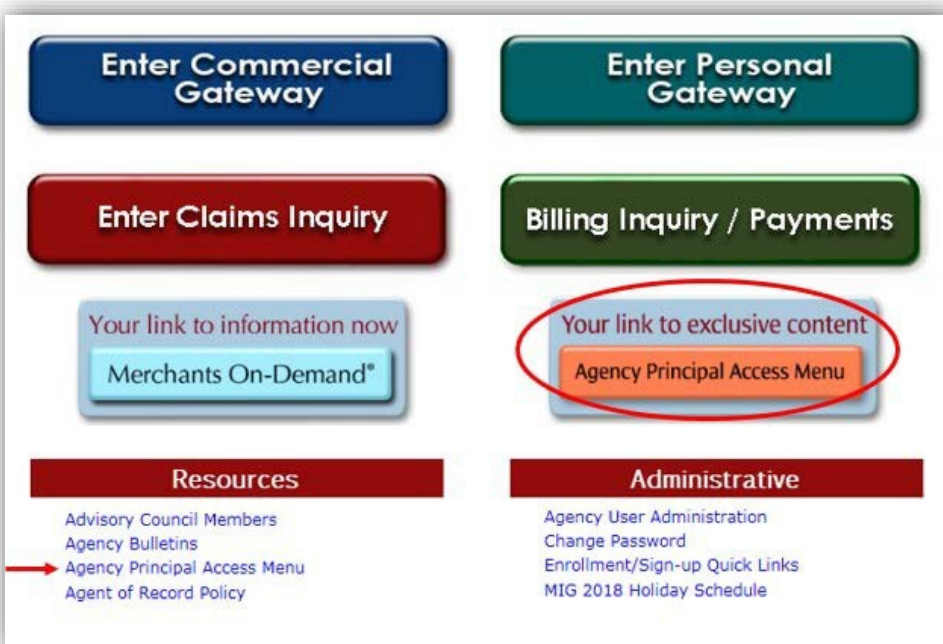

Merchants can issue your agency commission payments electronically by depositing the funds into your designated financial institution account.

Electronic fund transfer promotes “Go Paperless” goals by eliminating paper checks, envelopes and stamps from the commission payment process.

This process allows you to receive your commission payments sooner than waiting for a check to be received in the mail.

*Agency principals can sign up for Commission EFT by completing the “**Direct Bill Commission – EFT sign-up/change form**” found on the Agency Principal Access Menu of our agent’s website.*

Agency Principal Menu

You now have exclusive access to the following areas designated for the Agency Principal:

- Agency Summary Report
- National Advisory Council Members
- Regional Advisory Council Members
- Direct Bill Commission Statements
- ● Direct Bill Commission - EFT sign-up/change form
- Merchants Insurance Group Logos

Merchants On Demand

Merchants On Demand is our digital media website which includes flyers, videos, social media posts and more. Merchants On Demand provides you with tools to help you with social media and marketing for your business.

Merchants on Demand is easily accessed from the main menu of our Agents website by using the Merchants on Demand "button" or you can also find a link under the Digital Services menu under Resources.

Merchants Policyholder Website

Access to information 24/7 is no longer just a “nice to have” feature for policyholders, it’s an expectation in today’s digital environment. Allowing your policyholders quick and easy access to their policy information meets these expectations. Additionally, it allows your agency more time to focus on more complex servicing needs, as well as time to grow your business.

Merchants’ policyholder website offers a full range of on line features your policyholder can use to access policy information electronically, including automobile ID cards. They can easily handle paying bills, claim reporting and can enroll in our [ePolicy and eBill](#) programs.

To get started, policyholders can go to www.merchantsgroup.com and click on “Login” in the upper right corner of the page and select “Policyholder”.

A screenshot of the Merchants Policyholder Login page. It includes a 'Sign Up Now!' button circled in red, and input fields for 'Email Address' and 'Password'. There is also a 'Remember me' checkbox and a 'Log In' button.

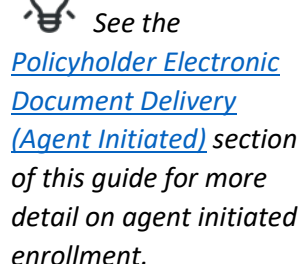

On the next screen, they should select “Sign up now!”, and complete a few simple steps to get their User ID and password

Once logged in, your policyholder can explore areas like “My Billing”, “My Policies” and “My Claims” to easily manage their policies on line.

Merchants Insurance Group's ePolicy and eBill electronic document delivery services offer convenient, personalized options to your policyholders to manage their account

Encouraging your policyholders to use Merchants Electronic Document delivery also benefits your agency. It relieves you of the need to mail paper or forward electronic documents to your policyholders, freeing your agency staff to assist your customers with more complex transactions and grow your business.

To view and/or print policy documents, please click on the desired policy number from the table below.

Policyholders can enroll themselves in ePolicy and eBill electronic document delivery services. They can view the Policy Documents screen by accessing the My Policies section of the Policyholder website.

Enroll in ePolicy/eBill

If you wish to manually opt out of ePolicy or eBill, please complete and return the following form: [Manual Opt Out Form](#)

Paperless Payment Options

Merchants offers various billing options that support paperless processes by eliminating checks, envelopes and stamps needed for “traditional” payment methods.

- Credit Card
- eBill
- eCheck
- Electronic Funds Transfer (EFT)
- MIGPay_{sm}

Agents Website

More information on our billing options is available in the Information Center, found on the Billing Inquiry/Payments section of our Agents Website.

Policyholder Website

Policyholders have their own Information Center, found under My Billing on the Billing Inquiry section of the Policyholder Website.

Merchants Mobile

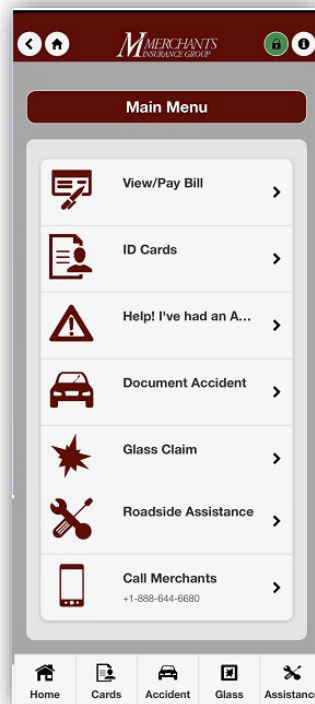

Policyholders can also manage their Merchants accounts from their mobile device. Many features available to your policyholders on our policyholder website can also be accessed on the go using our Merchants Mobile app.

The Merchants Mobile app is free for your policyholders to download for their iPhone or Android mobile device.

With the app, policyholders are able to access payment history, view payment amounts, due dates and even pay their bill from their mobile device. Instant access to automobile insurance ID Cards is available 24/7. Personal Lines Automobile policyholders in NY can also begin the claim reporting process immediately using the Merchants Mobile app.

Merchants Mobile uses the same User ID and password as our Policyholder website. See the [Merchants Policyholder Website](#) section in this guide for more information on how your policyholders can create an account to take advantage of the features of both the Policyholder Website and Merchants Mobile.

Welcome to Billing Inquiry

More information on Merchants Mobile is available in the Information Center, found on the Billing Inquiry/Payments section of our Agents Website.

Electronic Automobile ID Cards

While most states allow Automobile ID cards as proof of insurance to be presented electronically, some policyholders still prefer a paper copy.

Policyholders can also electronically access* automobile ID cards 24/7 using our policyholder website or our mobile app, Merchants Mobile.

**Not available in NJ*

To make it easier to do business with us, Merchants will mail paper vehicle ID cards directly to the policyholder in cases where agents have elected to “Go Paperless” or have enrolled in eDocs.

We will also mail paper copy vehicle ID cards directly to Commercial Lines policyholders who have enrolled in Merchants ePolicy program.

Here’s a quick reference of the variety of ways Merchants offers our customers access to their vehicle ID cards:

Type	Delivery / Access
Hard Copy	<i>Mailed to agent by Merchants with new or renewal policies and endorsements (Commercial Lines)</i>
	<i>Mailed directly to policyholder by Merchants, if agent is enrolled in Paperless or eDocs (Commercial Lines)</i>
	<i>Mailed directly to policyholder by Merchants if policy is enrolled in ePolicy electronic delivery (Commercial Lines)</i>
	<i>Mailed directly to policyholder by Merchants for all NY Personal Lines policies unless they have enrolled in Merchants ePolicy program</i>
Generate Vehicle ID Card*	<i>Allows for viewing or printing by agent or policyholder from Merchants website</i> <i>*Not available for vehicles registered in New Jersey.</i>
Mobile App	<i>Electronic access from Merchants Mobile App by policyholder</i> <i>*Not available in New Jersey.</i>

Policy Delivery Summary

With numerous paperless methods available to take advantage of, it's important to understand how policy documents will be distributed to your policyholders.

Refer to the information below to understand how documents are delivered.

Delivered by:		
Commercial Lines policyholder is enrolled in ePolicy program	Merchants	Policyholder will receive electronic notifications directly from Merchants advising them there are documents to be viewed online using their Merchants Policyholder website account.
Commercial Lines policyholder is <u>not</u> enrolled in ePolicy program	Agency	Your agency is responsible for delivery of policy documents to the policyholder.
Personal Lines policyholder *NY Only	Merchants	Personal Lines policies are mailed directly to the policyholder by Merchants if <u>not</u> enrolled in ePolicy program

As a reminder, the following personal lines and commercial lines policy documents will continue to be mailed directly to policyholders by Merchants regardless of the delivery method chosen by the policyholder or agency:

- Conditional Renewal Notice
- Pending Cancellation Notice
- Final Audit Notice
- Physical Damage Coverage Suspension Notice
- Non-renewal Notice
- Physical Damage Photo Inspection Requirement Notice

Please refer to the [Electronic Automobile ID Cards](#) section of this guide regarding automobile ID card handling.

If your agency has elected to receive policy documents electronically using eDocs, you may decide to deliver the documents to your policyholders electronically as well.

You must discuss this option with your insured before deciding to use this delivery method and it is advisable to have them sign an agreement to assure they understand how their documents will be received.

Tools to Help You Manage Being Paperless

Subscribe to Notifications

Stay informed on all your paperless procedures. Subscribing to receive electronic notifications is a great way to manage these processes.

The "User Profile" link found under the Administrative heading on the main menu of our agent's website brings you to the "My Profile" page. On the "Subscriptions" tab you can indicate your preferences for receiving a variety of email notifications.

Agency principals will have a broader selection of email notifications to choose from.

My Profile

Below is your user profile for Merchants' secure website. If you have authority to multiple agency codes your user profile will remain the same for all of them. Click on the Subscriptions tab to add or remove yourself from our email subscription offerings.

 Do you have users that have not yet subscribed to receive notifications? Use the “**Create New**” button to add the users email address and select the desired subscription options.

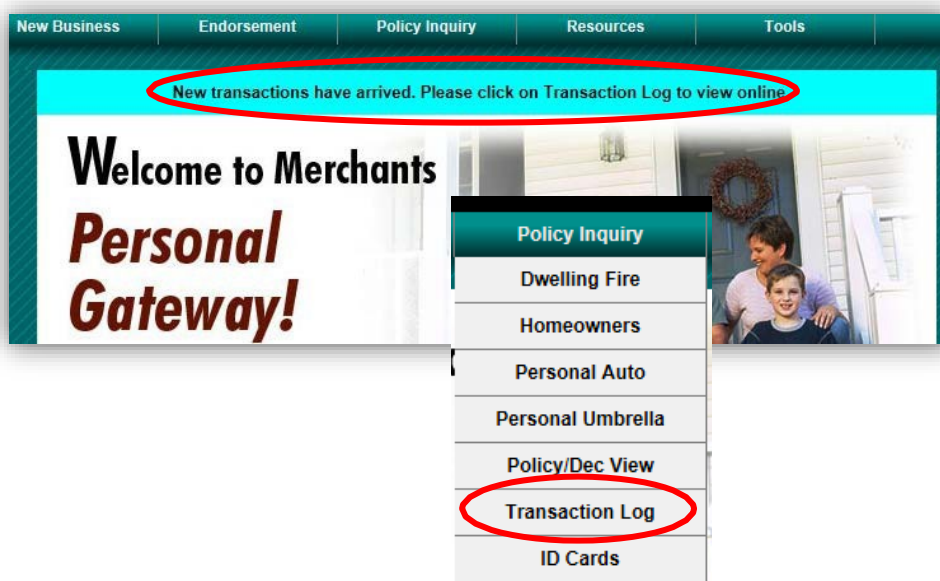

Policy Transaction/Communication Log

The **Policy Transaction/Communication Log** (for Commercial Lines) and the **Policy Transaction Log** (for NY Personal Lines) give you electronic access to agent and policyholder copies of important documents such as notices of cancellation and non-renewal, new and renewal declaration pages, endorsements and more.

You can access these logs from the Policy Inquiry menu under the Commercial Gateway or Personal Gateway sections of our agent's website. The Gateway Landing page will alert you if you have new transactions to view.

1

POLICY TRANSACTION/COMMUNICATION LOG
Commercial Insurance

To filter this listing, choose one or more options below and press the "Apply" button.

Electronic Document Delivery Enrollment Report

- Electronic Document Delivery:
 - [eBill & ePolicy Enrollment Options](#)
 - [Enrollment Activity Log](#)
 - • [Enrollment Report](#)
 - [FAQs](#)

The “**Enrollment Report**” link allows you to create a list of policies, along with their policy and billing delivery preferences, within an effective date range.

The report can be customized to include just Personal Lines, just Commercial Lines or both.

Electronic Delivery Enrollment Report

This report will generate a list of all active policies for the criteria specified and indicate which policies are enrolled in electronic delivery.

Please enter an effective date range for desired policies:

Effective Date*:

From: (MM/DD/YYYY format)

To: (MM/DD/YYYY format)

You may change Policy Type to either Personal or Commercial Lines Policies only.

Policy Type:

▼

The Electronic Delivery Enrollment Report tool is helpful to contact policyholders and convert them to electronic delivery. The list can be exported to excel for ease of filtering, sorting etc.

Electronic Document Delivery FAQ's

- **Electronic Document Delivery:**
 - [eBill & ePolicy Enrollment Options](#)
 - [Enrollment Activity Log](#)
 - [Enrollment Report](#)
 - [FAQs](#)

The link to the Electronic Document Delivery FAQ's will provide you will answers to the Frequently Asked Questions on this topic.

Frequently Asked Questions – ePolicy and eBill

1. How does ePolicy and eBill work?

You are in control of this process. You choose which documents you want to receive online and which ones you want to receive by mail.

When new documents are available we'll send you an email with a link so you can log in and view, print or download the documents from our website.

2. What documents are available through ePolicy and eBill ?

ePolicy – This feature eliminates paper documents. You'll receive an email notification indicating when a current policy document is available on our website. You can save a PDF copy to your computer or view them online whenever you need them.

eBill – This feature eliminates the paper invoice. You will receive an email notification indicating when a current invoice is available on our website.

3. How do I enroll for ePolicy or eBill electronic document delivery?
